Welcome to Nemaocolin Woodlands Resort, nestled in the scenic Laurel Highlands of Southwestern Pennsylvania, where we've taken the luxury vacation experience to unparalleled levels.

The Hardy family's journey began in 1987 with the purchase of the Nemaocolin property. Our vision was to create a world-class resort unlike any other; to create a getaway designed for couples, families and corporate gatherings - a "something for everyone" destination.

Many years later, we're proud to offer several lodging options ranging from the luxurious AAA Five-Diamond Falling Rock boutique hotel to the comfort of Maggie Valley RV Park. We're equally proud of the activities that abound.

Our vision, our dream, has been realized, and we strive each day to bring something new and fresh to the experience.

These pages provide information that will make your stay with us more enjoyable. Please refer to them for assistance with dining reservations, recreational activities or any other of the resort's amenities. And, if there is anything we can do to be of additional service, please ask.

We look forward to sharing a memorable visit with you.

Sincerely,

Maggie Hardy Magerko  
Owner & President

## HISTORY

The land where Nemaocolin Woodlands Resort now sits has a long history dating back to 1740, when a rugged trail was carved through the Laurel Highlands between what is now Cumberland, Maryland and Brownsville, Pennsylvania. The trailblazer was native Delaware Indian, Chief Nemaocolin. Assisted by frontiersman, Thomas Cresap, the trail was the most direct route from east to west. Later expanded by Colonel George Washington and General Edward Braddock during the French and Indian War, the trail eventually became known as the National Highway by Congress in the mid-1800s. Today, that road is called Route 40, the major mountain artery where Nemaocolin Woodlands Resort now sits.

**By the early 1900s,** the Laurel Highlands became a popular and fashionable retreat for wealthy Pittsburgh industrialists and merchants. At the same time vacation retreats, such as the Kaufmann family's Frank Lloyd Wright designed Fallingwater were being built, Nemaocolin was also being minimally developed. During the 1930s, lots were established and offered for sale as summer homes and hunting retreats.

**In 1949**, Pittsburgh industrialist, Willard F. Rockwell (Rockwell International), purchased 60 acres here in the Laurel Highlands. In 1968, he established a private game reserve on what is now Nemaocolin Woodlands Resort. This property was named Nemaocolin Trails Hunting Reserve. The Rockwells invited friends and business associates to hunt and fish the 400-acre reserve, populated by silver fox, bear and white-tailed deer. A hunting lodge was constructed in 1968, designed by Rockwell's friend and former college roommate, C.W. Balling, of nearby Fairchance, Pennsylvania. The 10-room Tudor lodge was quickly expanded to 33 rooms.

The property was sold in 1979 to Cordelia Mellon Scaife, and became an exclusive conference center. Three years later, the property returned to the Rockwell Family. Kent Rockwell, Willard's son, purchased the conference center and opened it to the public.

**In 1987, Joseph A. Hardy, III**, founder of 84 Lumber Company, purchased 550 acres of the Nemaocolin property at an auction he attended in the hopes of purchasing a few acres of woodlands near a lake or stream for his daughter, Maggie, who loved to fish.

Hardy and his daughter, Maggie, promptly set about transforming the property into its present state - a 2,000 acre world-class resort, and recipient of the prestigious Forbes Travel Guide and American Automobile Association (AAA) awards. In 2002, Hardy transferred full ownership of the resort to his daughter, Maggie Hardy Magerko, who still serves as President and Owner, and continues to grow the resort.

**Today**, Nemaocolin is the proud home to Forbes Five-Star, AAA Five-Diamond dining at Lautrec Restaurant and AAA Five-Diamond lodging at Falling Rock hotel.

## GOLF

An integral part of the Nemaocolin Woodlands Resort experience is the game of golf. Nemaocolin has 36 holes of championship golf along with some of the most breathtaking scenery Pennsylvania has to offer. Against the backdrop of the Laurel Highlands, Nemaocolin's two courses, PGA Tour-tested Mystic Rock and the tricky par-70 The Links Course, provide striking contrasts in design and promise to challenge every aspect of your game.

### **MYSTIC ROCK**

Mystic Rock has challenged some of the best players in the world, such as John Daly, Vijay Singh, Tiger Woods and Phil Mickelson. Designed by the legendary Pete Dye, Mystic Rock plays 7,526 yards from the tips. With strategically placed bunkers, boulders and water hazards, a round of golf on Nemaocolin's prestigious PGA Tour-tested Mystic Rock is unlike any other, and highlights the natural beauty of the Laurel Highlands. A par-72 course, with a 77 rating and a 149 slope from the championship tees, Mystic Rock has garnered top honors from *Golfweek* and *Golf Digest*.

### **COMING SOON**

#### **MYSTIC ROCK ADDITION**

A new Pete Dye designed 9-hole addition to Mystic Rock, carved throughout 84-acres of scenic woodlands, will open in the near future.

Visit [nemaocolin.com/comingsoon](http://nemaocolin.com/comingsoon) for updates.

## **THE LINKS**

The Links is Nemaquin's original golf course and provides a stark contrast to Mystic Rock. A tricky par-70, The Links' small, undulating greens are set against the picturesque mountain setting of the Laurel Highlands. At 6,658 yards from the tips, reaching most of the holes is not a problem... but that's where the fun begins. Putting these problematic greens can give even the most accomplished player fits! The Links provides a first-rate golfing experience that is sculpted through the Laurel Highlands where rocks and water naturally come into play on several holes. Deep woods, high rough and lakes surround the beautiful fairways with majestic views of the Alleghenies.

## **CADDIE PROGRAM**

Golfers can now experience our caddie program, available on both courses. Caddies are included in Mystic Rock's greens fee and will play a vital part of the golf experience. The Nemaquin Caddie Program is in place to guide golfers through the course, read the greens, help locate stray shots and provide general maintenance of both players' clubs and the golf course itself, making the golf experience an exceptional one. Forecaddies and caddies on The Links course are by request only and must be reserved prior to the day of play.

## **THE NEMAQUIN GOLF ACADEMY**

The Nemaquin Golf Academy, recognized as a Top 50 Public Range by *Golf Range Magazine*, offers a unique blend of golf instruction, club fitting and technology, designed exclusively to help your game.

Golf is about consistency and the TrackMan® Golf Radar Solution provides our professional instructors with a state-of-the-art diagnostic tool that will measure everything in your swing as well as everything about the flight of your golf ball. From club and ball speed, distance, launch angles, spin rate, to swing plane, angle of attack, swing path and club face delivery, there is no aspect of your game or equipment we will not address.

The center offers 25 meeting rooms, an exhibit area, a business center, and two ballrooms - all of which can be divided to accommodate any party size. A 200-seat lecture hall is the perfect site for educational presentations and training seminars.

Those seeking the utmost in luxury and group accommodations are invited to experience Falling Rock, a 42-room boutique hotel that caters to the corporate community with the hotel's intimate Malachite serving as an executive "boardroom away from the boardroom." A few steps away is the grand Horizon Point Conference Center, a 17,200 square-foot meeting and social venue featuring a ballroom, two meeting rooms and outdoor terraces designed with the same Frank Lloyd Wright-inspired décor of Falling Rock.

To break up a day of meetings, guests are encouraged to participate in the resort's teambuilding programs, such as a competitive round of Survivor or a trip through the Ropes Course. Each activity helps foster teamwork, and brings creativity and enthusiasm to the most serious of corporate outings. After the meetings adjourn for the day, all resort amenities are available to group guests. Choose from a round of golf on the PGA Tour-tested Mystic Rock, a treatment in the resort's award-winning Woodlands Spa, sporting clays at the Field Club, Jeep® Off-Road Driving and much more!
